NEVER RUST LUBRICANT

RUST AND CORROSION PROTECTION

Hot Shot's Secret NEVER RUST LUBRICANT is formulated to protect metal parts, blocking rust and corrosion for years of protection. It is a long-term rust and corrosion preventative with excellent penetration qualities that is resistant to water washout and will not gum or dry out. Contains extreme-pressure antiwear additives and is ideal for preventative maintenance and use in extreme temperatures.

Hot Shot's Secret NEVER RUST LUBRICANT provided 2,700 hours worth of protection when independently tested in ASTM B-117 salt fog test.

USES

For general use, including but not limited to: home, automotive, industrial, marine and other mechanical applications. Applications include:

Nuts & bolts	Automotive doors & latches
Shop & industrial equipment	Lawn & garden equipment
Cables & chains	Metal doors
Door hinges & locks	Equipment storage
Tools	

DIRECTIONS

Shake thoroughly before each use. Insert straw and tap securely in place. Hold 8-12 inches away from surface and apply evenly. May be applied as a thin lubricant film or more heavily as needed.
